Dear Friends

We do hope this message finds everyone well and safe! Who would have thought we would be going through such extremely challenging times where the world as we know it came to a complete stop! Thank you to our Canadian guests that despite uncertainty relating to travel, chose to join us and trusted us with their safety while on vacation.

This was certainly a different year and we have missed everyone tremendously. This time in our lives has encouraged us to be more present and reflective of what we have to be grateful for. Good health and fortitude to overcome anything thrown our way, the continued support of family and friends and friends who become family;

the ability to continue to offer 1st Class fishing vacation experiences – sharing our beautiful home with you; the opportunities to keep fishing and hunting traditions alive in a sustainable way.

Through it all, Anderson’s Lodge is still here stronger than ever and excited for everyone’s return in 2021! We would like to thank you for your loyalty and patience, and we look forward to seeing everyone for the 2021 fishing season!

In appreciation and gratitude,

Jackie Duhamel and Jody Morin

Why Anderson's Lodge

We provide the best value and competitive pricing in the industry, just ask any of our many guests that return year after year!

Because we care and we are committed to providing you with a quality Canadian fishing vacation. We always have the best interest of our guests and their expectations in mind when it comes to quality, professionalism and service. This has built our reputation as a premier Canadian fishing resort.

We know the combination of a lot of little things adds up to one BIG

thing – customer satisfaction. The most important reason to come to Anderson's Lodge is the people – the single most important asset of any operation! We are a dedicated group that believe the key to success is doing ordinary things “extraordinarily well” and our focus is on you and your successful fishing vacation.

Anderson's Lodge is your setting to experience the true magic of the pristine Canadian wilderness. From all-inclusive American Plan Packages to Deluxe Fly-In Outpost Packages. We can accommodate any groups' needs. New “top of the line” equipment

every year including new Mercury engines and a 21' Bowrider specifically designed for our guests! Sumptuous food including that amazing “shore lunch”, impeccably clean first class accommodations – there is nothing else in Sioux Lookout like it. Along with professional guides and service staff that provide you with remarkable customer service – we are committed to providing you with a quality fishing vacation. It's all in the details, and with a professional management team to ensure that all elements of your package are taken care of, we demonstrate exceptional organization and service excellence for you.

Fishing Is What It's All About...

Your fishing experience with Anderson's is truly the feeling of insurmountable excitement, thrills beyond belief, a day of working hard and playing hard, a personal confidence strengthened – of a challenge met and conquered! To experience “it all” in a playground so peaceful and sacred, one of the few places in the world left that has such natural, unspoiled beauty.

Let's talk about the world class lakes and systems we offer for your tremendous angling experience. The Legendary Lac Seul is always at the top of the list. This 360,000 acre lake is home to a phenomenal, world renowned Walleye fishery. It also hosts healthy populations of Smallmouth Bass, Northern Pike as well as a World Class Muskie fishery.

The Minnitaki, Abram and Pelican chain of lakes provide you with alternatives when it comes to fishing for Walleye, Northern Pike and Smallmouth Bass. Minnitaki also boasts a unique trophy Lake Trout fishery for those ardent yet patient anglers and if the challenge is conquered – the payoff is huge!!!

For those guests that like to “mix it up” and experience something new – Big Vermilion is a guest favourite for exciting Lake Trout and Smallmouth angling! For those guests that are “crazed” about Smallmouth angling or perhaps want to catch their first ever Muskie – we've got the ticket for you on Little Vermilion and it's chain of connecting lakes – Maskinonge, Cedarbough, and Hooch!

Easy access to all lakes is available

– with no portaging involved. You can access the Abram/Minnitaki chain right from our main lodge, with access to Lac Seul being a short 15 minute drive by vehicle to our exclusive landing. The Vermilions and their connecting waters are all paved road accessible and a short drive from the lodge.

Whether you choose to fish for the “golden gem” in our Canadian waters – world class Walleye, the feisty Smallmouth “Bronze Backs”, the aggressive Northern Pike, the ever-elusive Muskie that will give you the fight of your life and an adrenaline rush like no other, or the legendary “monster of the deep” Lake Trout; we offer you the most thrilling Canadian fishing vacation experience, challenging the novice or the pro!

Let Anderson's Lodge host your next Canadian fishing vacation!

Bottom line is that we are committed to providing our guests with a quality fishing vacation and that starts with providing you with a world class fishery that is inclusive of 5 species on a choice of eight + lakes. Couple this with the largest & most experienced professional guiding staff in the area; the ability to offer you choices of top of the line, new equipment to fish from – we will ensure your fishing success!

We are so fortunate to be able to provide you with a fishing vacation in a setting unlike any other; one that encompasses pristine, cool, sparkling clean waters. Quiet, peaceful, untouched virgin forests...calming the mind and speaking to the soul. As you settle into a secluded bay to fish, taking in the sweet smells of the boreal forest, listening to the gentle lapping of the water against your boat, you quietly work your line and reflect on life's graces...and realize...in the depths below, the gift of an unsurpassed fishery.

We have taken the responsibility of caring for our fishery seriously. Our angling practices coupled with solid biology and sound resource management policies over the last 30 years have guaranteed our position on the world stage of fishing excellence! In the big picture, we have taken nothing for granted and have been instrumental in protecting our fisheries with the integrity it deserves; providing future generations the same opportunities to enjoy!

This is how we Celebrate Summer!

An Outdoor Gourmet Dining Experience

Fishing is the lure but add our professional service and “sumptuous” meals to the great fishing, first class impeccably clean accommodations and new equipment each year – why would you even consider staying anywhere else?

*And it's more than
the fishing that keeps them
coming back...*

Exquisite Shore Lunches

Nothing beats a fresh fish shore lunch prepared over an open fire! Just think about it – the best restaurants in the world cannot replicate the freshness and taste of this north woods delicacy! Your guide will clean and prepare your morning's catch of Walleye, Northern Pike, Smallmouth Bass or Lake Trout breaded with “Anderson's own Gourmet Fish Breading”. To compliment this outdoorsman feast of fresh fish, your guide will also prepare pan-fried potatoes with crispy onions, baked beans, hot vegetables and a fruit dessert. Simply out of this world! Of course, with our focus on flexibility, should a member of your party be unable to eat fish or prefer not to, other alternatives will be prepared. This is just another example of our commitment to providing the ultimate fishing vacation for every member of your group.

Hearty Breakfasts

Served from 6:30 to 8:30 a.m. allows you to get a jump start on the morning or to rest up if you like before heading out for the day's adventures. For a hearty start to your day, choose from a variety of menu items such as eggs any style, omelettes, homemade pancakes or French toast accompanied with your choice of hot sizzling sausage, bacon or ham, home fried potatoes, juice and of course a fresh pot of piping hot coffee! Fruit, hot and cold cereals and toasted cinnamon buns are an option for those who prefer a lighter fare!

Casual Fine Dining

Our American Plan menu is a wonderful variety of traditional favorites using time tested recipes that have met the approval of our guests over the years. We have set an unbeatable standard for any American Plan menu package – fresh vegetables, AAA beef, tender poultry, fresh local pork, homemade desserts, soups and sauces. Everything from our kitchen is prepared fresh daily, with a homemade touch by our experienced professional chefs, who bring with them a strong sense of pride

and quality that you will find in all of our staff. Not only do we offer our nightly American Plan features, but we also have a full à la carte menu to choose from should you prefer something other than the feature for the evening. If you have special dietary needs, our chefs are happy to prepare meals that will accommodate you. You aren't restricted to a specific menu, and can enjoy the flexibility of alternate choices should you wish. Check out our American Plan menu – this in itself is a great reason to choose Anderson's above all others.

To make your dining experience complete, we have a full service staff so you can sit back and relax in air conditioned comfort while your entire meal is served tableside, from your first cocktail to dessert. Enjoy the beautiful rustic atmosphere of Foxy's dining room while a friendly server tends to your dining needs. Your dinner is prepared to order, served hot to your table unlike other lodges that offer buffets where your food has been sitting for far too long. Attentive staff and quality food makes a difference when it comes to your total relaxation – and we have both!

Liar's Lounge

Enjoy a great selection of Beer, Spirits or Wines, including our "Vintage" Selection in our "Liar's Lounge" before or after dinner. Catch up on the latest news, weather or sports via satellite TV. Relax, unwind and enjoy the new friendships made while you swap fishing tales, reliving the day's events!

There is no other lodge that can compete with what we do well and take pride in; the finest food in the Sioux Lookout area, offering flexible dining hours, friendly attentive service staff, meal choices outside our American Plan Menu – all this in relaxing, air conditioned comfort. These features will turn your great fishing trip into a perfect fishing vacation experience. Our focus on quality, flexibility and service has made us leaders in the industry.

Fishing Guides

Fanatic

(fuh-nat-ik) noun

1. a person with an extreme and uncritical enthusiasm or zeal, as in religion, politics, or fishing.
2. fanatical

It takes a special type of person to be a really good fishing guide ~ some would refer to it as being a “Fanatic”. These guys live, eat, breathe every moment about fishing. Our dedicated crew are not only about the fishing though, they are a group of fanatics that are wired with a strong desire to please; to making this trip the best guided fishing experience you will ever have.

We scour the Canadian Shield to find the right guys to compliment our operation. Customer service and satisfaction are two key factors that we expect our guides to achieve with every group ~ it’s what their focus is, and what keeps them driven!

Your hosts Jackie, Jody, Meredith, and Rick know what the fishing patterns are based on daily reports from the guides, so as you check in and confirm your preference of species to fish for, the information will be passed on to your guide for that 1st morning when you meet him down at the dock.

Your guides day starts at 6 am. Freshly brewed coffee is the 1st priority, then on to the serious business of making plan A, B, and C. The huge wall map in our staff room is the site of collaborating, plan making, and of course a little B.S.ing. Once plans are made it’s time to go ~ 7:30 a.m. is “taking care of business” time. You can choose to meet your guide right for 7:30 a.m. or if you prefer, make it 8:00 a.m. ~ it’s your schedule that you are on.

As you slowly pull away from the dock and head out for your 1st full day of adventure, the game plan and specifics

of what you are about to experience are confirmed ~ a boat ride followed by fishing, catching, laughing; comradery! Whether you are an experienced fisherman or a novice ~ your guide will be there for you; tying lines, netting fish, baiting hooks, helping your family, teaching your kids how to jig, and of course ~ getting snags out. All you need to worry about is setting the hook on those “golden gems” vying for your minnow, because our waters are teaming with huge schools of Walleye.

Next up ~ shore lunch! Probably one of the most noted highlights of all ~ freshly caught fish, pan fried till golden brown, fried potatoes with crispy onions, baked beans heated in their cans until bubbling hot, a side of veg and to finish it off, canned fruit. Wash that down with a hot cup of good ole Canadian Cowboy Coffee ~ our pristine Canadian water blended with fresh coffee grounds and boiled over a hot fire – ashes, smoke and all. It’s delicious and a good caffeine boost to keep you going for the next part of your day. During lunch you can relax, fish from shore, explore the pristine shoreline, or just sit back and enjoy the solitude and extreme beauty of our unspoiled wilderness.

Your afternoon fishing awaits ... a quick cruise into a secluded bay dotted with petrified trees, huge weed beds covering the lake bottom like a shag carpet ~ casting for aggressive Northern Pike is the plan. Make sure you tie on a good steel leader as these toothy creatures will make every effort to annihilate your lure as you buzz it across

the surface. Depending on the lake you are fishing, Northern Pike is not your only option for your afternoon ~ don’t forget that we have 5 species that we fish for; and it’s your choice to fish for what you like.

On your ride back to the dock at the end of the day your guide will already be planning day two. What would you like to fish for tomorrow? We ran out of minnows today so should I order some more? How about that sumptuous shore lunch ~ shall we do it again?

That’s as much as you need to worry about, everything else is taken care of. If you are planning on fishing a different lake, just visit the office to get directions on where you can meet your guide for the next day’s adventure. He will look after all the details to get you set up for another fantastic day on the water. Whether you are fishing 2, 3, 4 days or a full week, your guide will make sure you get what you came here for ~ and that’s to catch fish! If you choose to bring fish home your guide will clean your catch, package them, and freeze them for transport back home with you.

Our team of fishing guides are fanatics ~ these guys are born with the desire to live on the water... they choose to make their office a boat where serious business happens all day long. The desire they have for making sure you catch fish is clear ~ it’s their drive; a passion that makes them the best team of professional fishing guides you can find in Northwest Ontario.

21' Bowrider Package

“This is one hell of a custom-built boat!”

A fishing machine with the comfort of a Cadillac ride and Hummer strength, safety and performance!

Our industry is competitive and demanding of quality equipment. This, coupled with our “drive” of always wanting the best for our guests led us to seek out a boat that has unparalleled safety and comfort in mind. When we went looking for a solid choice in boats and came across Stanley, we knew this was the right choice for our customers. With their needs in mind we listened to feedback from guests, guides, our marina, the manufacturer and our management team to produce this no-nonsense one of a kind “fishing machine” and a model that has set the standard for our industry. This custom-built Bowrider is packed with features that has catapulted this package to being “the” preferred package of the Anderson’s Lodge fishermen.

At a true 21’6”, this spacious boat gives our customers plenty of room to move around inside and is designed with a walk through windshield and full canopy top to keep you comfortable if

Mother Nature is “not herself”.

Accommodating 2 to 6 fishermen you’ll find swivel seats with solid backs and 8 bases to move the seats around allowing you to position yourself in a prime comfort zone, whether it be in the main part of the boat or in the raised bow. The all-welded hull is a full 1/4” thick aluminum plate that’s braced every 15” under the no-slip checker plate flooring. Four sealed compartments are foam filled to make this one of the safest and most unsinkable boats in the business. Deep and wide, this boat is built serious like a destroyer and provides a safe and comfortable ride through the roughest of waves.

A brand new 150 h.p. Mercury engine gets this boat up on step with a full load better than anything we had ever seen before. Far superior than anything else found in this industry, it’s the perfect match of muscle and machine! To complement this, we rigged the boat with a 9.9 h.p. Mercury 4-stroke trolling engine that is sure to keep you on the spot and perfect for trolling quietly down

the shoreline casting into those tight spots ~ regardless of the wind.

This package is fully guided which means that you don’t have to do any of the work. Whether you want to fish for Walleye, Northern Pike, Smallmouth Bass, Lake Trout, or Muskie ~ your guide will make it happen for you.

We’ve raised the bar when it comes to offering packages of this calibre and as always our goal is to provide quality fishing vacations that offer incomparable comfort, safety and convenience. Our Bowrider package offers you world class fishing opportunities on Lac Seul, Abram, Pelican and Minnitaki chain of lakes; impeccable accommodations, a superb dining experience, the best service from the most professional staff in the business.

Lac Seul Fly-In Outpost Packages

At Tuktegweik Bay, Kakebeka Narrows, Tom’s Landing & Pickerel Narrows

Termed by many as the “Walleye Capital of the World” Lac Seul is not only known for its superb Walleye fishing but also extends an invitation to some of the best Northern Pike and Muskie angling that you will find anywhere! Rated as one of the top 3 Walleye fisheries in the Province of Ontario, this lake has been a favourite of many anglers to the area for years!

How about fishing action? Water currents from the Atikwa, Root and Vermilion River systems meet to provide ideal feeding and spawning conditions for tremendous Walleye fishing. Lac Seul will produce sheer numbers of Walleye as well as having the ability to produce big fish consistently. Walleye in the 6 to 12 pound range are in fact common.

What about Northern Pike fishing? Casting the vast bays teeming with weedbeds or trolling rocky shoals will produce ideal conditions for Northern

Pike in the 9 to 15 pound range. Lac Seul trophy Pike range from 40 inches plus – this year’s outpost camp record was a 42 inch release!

The dark mineral stained waters of Lac Seul are also home of the Silver, Clear, Barred, Leopard and Tiger Muskie! These elusive giants also cruise the many bays and can’t resist a swipe at a good Bucktail or Topwater and when they hit, it will “bulldog” every bit of your arm strength, so hang on and have fun. This world class live release fishery produced a few years back what was considered to be the world record at 63 inches! This year we had releases measuring 50 + inches with our camp record being a whopping 52.5 inches! Imagine the rush of having one of those “huge babies” on the end of your line – Wow!

Amenities

Complementing the rest of our operation, Anderson’s Lodge outposts are spacious cabins finished in tongue and groove pine, with screened in porches,

double and single beds furnished with quality box springs and mattresses by Simmons! Cabins are equipped with propane or electric refrigerators, a deep freezer stocked with ice, propane stoves with ovens and fully equipped kitchens. We also have gas grills for your favourite B.B.Q. dishes. Clean energy is provided by the solar battery banks. These solar systems provide hot and cold running water to the cabin, including indoor showers and lights that turn on with a flick of a switch. Cabins are equipped with wood stoves and plenty of chopped firewood, ready for any “cool” temperatures you may encounter. Lighted and screened in fish cleaning houses add to the comfort at each location. Now that’s first class!

Package Details

What can you expect at our outpost camps on Lac Seul? Well, first of all we suggest that this type of package is designed for people who like to “be on their own” and appreciate the remoteness of a cabin in the vast Canadian north. It is

a fishing vacation on your own schedule, doing your own thing – fish, eat and sleep as long as you want, whenever you want!

We recommend arriving the night prior to your package starting, so we can review lake maps, point out some current fishing information, review fishing regulations, prepare fishing licenses and place a bait order. Then it’s time to relax!

These packages include your flight, and we schedule our flying at first light from our base camp, personally loading your gear giving you that special attention you deserve – no crowded float bases and “uninterested” pilots loading you. We put you into the outpost as early as possible so you can get to the business of fishing.

For those parties that are unable to “fly in” or in the event of weather – our service at the outpost extends to getting you in and out regardless of weather conditions via our 21’ Bowriders. Our outpost service staff travel to the outposts on your day of arrival to give you an orientation of the facilities, clean the equipment and ensure that it is in good working order – now that is service!

Experience an exciting fly-in adventure on the legendary Lac Seul !

We can accommodate parties of any size from 2 to 10 people and we offer flexibility in the length of stay from 3 to 7 day packages. You can tailor the day of arrival and departure to suit your schedule; there is no mandatory Saturday to Saturday schedule.

Your package includes, transportation round trip from the main lodge via float plane, 16’ Lund boats with new 20 h.p. four stroke Mercury engines, allotting for 2 people per boat, all gasoline, cabin accommodations and unlimited amounts of ice. You need only bring your personal gear, bedding, fishing rod, tackle and groceries. Fishing licenses and bait can be ordered upon arrival prior to flying in. For those wanting to have groceries packed and ready for them, you need only to email or fax your list and we will provide this service at no additional cost.

*Rates are per person and based on the number of people in the group. **All package rates are in Canadian funds** and the U.S. prices shown are an estimate based on an approximate exchange rate. Rates will fluctuate and are subject to change. U.S. currency is accepted with a fair rate of exchange paid. Not included in this package are the costs of your fishing license, live bait, gratuities and sales tax.

Dear Jackie and Jody,

We want to thank you for a most wonderful vacation at Anderson's Lodge. We were most impressed with how you and your staff were so friendly and helpful making us feel right at home from day one. Thanks for answering our questions and making some special arrangements for us. The store and especially the tackle section was outstanding.

The dining experience was fantastic! The food was unbelievable!!!! Kudos to the chef!!!!!! A special thanks to our servers; Erin, Taylor, Mae and Lizzy. Always service with a smile and very attentive.

We loved the cabin. It was great to sit on the porch reliving a wonderful day of fishing while enjoying the view of the lake and a glass of wine.

Above all our guide Jonathan was amazing!!!!!!!!!! Not only did he put us on fish, a lot of fish, 2 Master Angler Awards included. He shared lots of great information about Lac Seul and the surrounding area. He was the MOST FUN, an unbelievable cook, master photographer and made our week the most memorable experience. Sometimes we think he was more excited than we were. Thanks again to the two of you, Rick, Meredith and the entire staff. This was the perfect start to fulfilling our bucket list. WE WILL BE BACK!!!!!!

Thanks to Jackie, Jody, our guide, Shawn Penney, and all of the staff. As usual, you made our stay memorable. The fishing was a little slow and the weather made it tough, but these were out of your control. Hope to see you next year!

—— Charlie Wyatt

Absolutely an amazing lodge. The owners and staff have it totally wired. Very clean and excellent food and service. The fishing was incredible the entire time. Our guide Pat was simply perfect for us. He met our energy with experience and expertise for the lakes and each type of fish and he rocked our shore lunch each day. We have fished a lot and everywhere. Hands down this one of the best times, place and people ever. Thank you, Anderson Lodge. We will recommend and we will be back.

—— Mindy Fitzpatrick

Hi Jackie and Jody and Rick and Meredith,

I wanted to thank you all for making this year's trip so memorable. It was so nice to be back where our family has such a great time. We enjoy the lodge so much and the staff treats us like royalty. After spending a week eating gourmet meals, its back to salad for me. The kids and I were discussing the best part of the trip, aside from catching so many fish, we love the drive out in the morning to start our day, the great Canadian shield at its most spectacular. We were very sad to leave, but we are already planning for next year. We would also like to send a big thank you to Matt Smith our fishing guide who never fails to deliver fish and awesome shore lunches. Sorry that we missed saying goodbye to you Jackie, but we will see you again. Have a great finish to your season. Thank you

—— Jo-Anne, Ted, Gordon and Rescha Barker

Hi Jody and Jackie,

Just wanted to extend my sincere thanks to you and your team for another wonderful trip. This was my second trip and had the pleasure of bringing my brother along for his first Anderson's experience. From the day I leave, I'm already thinking about the next visit. It's so refreshing to be off the grid for a week and just enjoy good company, great fishing, and the breathtaking landscape of Ontario and Lac Seul. Thank you for hosting us and sharing your wonderful home. You have a very special place there. Sincerely,

—— Reed Robison

My husband has been to Anderson's several times in the past. I agreed to head up for our 25th wedding anniversary. We stayed at Kakebeka outpost. It was INCREDIBLE!!!! The accommodations, the scenery, the service and of course the fishing! We will be back next summer....with the whole family!!! I would recommend Anderson's to anyone! Wives included!

—— Kimberly Dodd

Dear Jackie and Jody

In August of 2017 my son in law Steve and grandson Benny were privileged to stay at your amazing resort. None of us had ever fished in Canada and the results were as good if not better than advertised. We couldn't wait to return. Unfortunately, we were unable to make it back last year but that made our return this August that much more special. Once again, the stay at your lodge and the fishing experience was exceptional!! Terrence was our guide and helped us land many fish, prepared fantastic shore lunches and we learned much from him about fishing, the lake and nature. Your lodge staff was friendly, efficient and always had a smile on their faces when they greeted us. Once again, the three of us were able to create many memories which will be with us forever. We can't wait to return. Thank you!

—— George Seltz (The Rempe party)

Hi Jackie,

I wanted to let you know what a fantastic time we had at your lodge. I have been coming to Canada for the past ten years for fishing. This has been far and away the best trip I have ever had. From the fantastic food to the excellent service you and your staff provide it is second to none. You should be very proud of what a tremendous group of people you have assembled to provide your guests the very best service. I will be back next year but this time we are hoping to bring our wives. Thanks again for a truly unforgettable vacation.

—— Roger Wilson

Thanks for a wonderful week at Kakebeka Narrows outpost. My trip was beyond what I expected. Catching fish was nonstop; the accommodations were much more luxurious than I expected since it was totally powered by solar energy. Camp host/hostess were very friendly. And the scenery was incredible, seeing moose and otter along the way.

—— Ted and Jane Pipe

Another great fishing trip to Anderson's Lodge with the fellas! Thanks, Marc, for getting us on the fish as always and the amazing staff here for another epic trip, if you want to catch a lot of fish, and big ones, book at Anderson's ASAP! See ya next year!

—— Darren Sketchley

Jody and all

Thanks so much for a great fishing trip for our family. It was the first trip for Catherine and I and we really enjoyed all of the fishing and pampering we received from Cecil and the staff at the lodge.....You have a great lodge ~ Thanks again

—— Mary Jo Bangasser

Anderson's Lodge provided the most amazing experience for our first Canadian fishing trip. The owners are well skilled in providing world class facilities and accommodations. The employees, from guides, waitress and housekeeping staff were so pleasant and most accommodating.

If you are looking for an outstanding Canadian fishing lodge with "push easy button" service this is where you need to be. Thanks Jackie, Jody and staff for a fantastic experience.

—— Bill Metzger

Awesome trip as always! Thanks for all the great people and food! Waitress staff amazing and Marc had us on fish everyday! Can't wait till next year.

—— Lisa Wood

Just got home from a four-day fly in trip. Anderson Lodge exceed our expectations. They had a room to stay at their lodge the night before we flew out plus an awesome dinner at their lodge. The outpost was the nicest outpost we have been in. Clean, and very accomplished. Great fishing and staff. I would highly recommend Anderson's Lodge if you want quality. You get what you pay for. Thank you, Anderson Lodge, for exceeding our expectation. Can't wait to see you next year.

—— Ila Stish

What a great time we had. Weather was beautiful and fishing was awesome. Thank you, Jackie, Jody, Meredith, Rick and staff, for another fantastic trip. The service you provide is outstanding.

—— Jackie Bendorf

Hi Jackie and Jody,

Thank you again for such a wonderful trip! The hospitality, service, food etc. were all great - everything we hoped for. I made crab-stuffed Lac Seul walleye the other night and it was fantastic! We look forward to many more fish dinners. My main goal was for Kris to have fun and want to do another trip like this at some point. She must have loved it, because we have locked in spring dates into our calendar! Thanks again, we look forward to seeing you again this spring.

One thing is certain, we sure did miss seeing all your smiling faces, enthusiasm, and friendly competition this season. We know many of you were likely participating in your own way back home, giving you time to perfect your angling skills for next season. We are eagerly awaiting your next visit and look forward to having you join us in 2021 so you can put those skills to test for another season of our Junior Angler Program!

Sioux Lookout District

Master Angler Release Awards Program

Looking forward to 2021!

The Sioux Lookout area lakes including the legendary Lac Seul, are some of the most fertile – making them some of the best fresh water fisheries in the province! Releasing trophy fish coupled with the area lakes slot regulations, produces fish populations of various age classes – with the most fertile age class ability to spawn and produce trophy size fish! Our goal is to offer our guests world class angling adventures and we deliver, ensuring that you have great opportunities to

catch your fish of a lifetime!

Upon registration of your trophy release, we help you prepare the paperwork and pay your registration fee; you receive a crest in recognition of your efforts and the program follows up later in the winter with an Annual Report and certificate. Congratulations and good luck in 2021!

As a result of not being able to operate in

our usual way, we had a decreased volume of entries this season. Despite this we want to assure you entries from 2020 will be added to the 2021 list, proving that 27 years of sound conservation practices are effective in creating a healthy fishery! The entries below are from 2019 (and these are not all of them) and are a testament to our guides skill and ability to put you on the fish and trophy fish as well. This has not changed!! We look forward to sharing this program with you again in 2021.

Getting Here is a Breeze...

By Flying ...

If you prefer to fly, we have teamed up with CWT Sioux Travel (locally operated) to get you here as quickly and efficiently as possible. Flights can be reserved via a number of different major airlines from any city in Canada or the U.S. to any one of three major landing points that you would want to consider. You have a couple different options when arranging flights.

For our U.S. guests, the first and probably most economical would be to arrange a flight via Chicago or Minneapolis into International Falls, MN. From there, the picturesque drive to Anderson's Lodge is only 3½ hours. We will assist you with your car rental reservation, and send you the necessary map with directions to the lodge...it's so easy!

For our Canadian guests, options could include flights from Toronto into Thunder Bay, ON or Winnipeg, MB. From either of these destinations, Sioux Travel can assist you in booking connecting flights with Bearskin Airlines directly into Sioux Lookout where we can pick your party up at no charge. Anderson's Lodge is about a 20 minute drive from the Sioux Lookout Airport. Driving time from Thunder Bay to the Lodge is 4 hours and from Winnipeg it's 5 hours.

Flight schedules, pricing and reservations can be obtained by contacting:

CWT Sioux Travel

Or by email: lori@enjoytravel.ca

Charter & Personal Flights

For those who wish to charter or fly their own aircraft, the Sioux Lookout airport features a 5000 ft. airstrip. We will provide shuttle service to and from the airport for your group, as well as to and from any of the many different landings that you may choose to fish from on a daily basis.

By Driving ...

GPS Coordinates for Anderson's Lodge:

50°01'48.74"N 92°01'57.66"W

If you plan on driving to Anderson's Lodge, the map illustrates major routes and travel distances so that you can determine how much time is needed to get to us and which routes are the quickest. If you require overnight accommodations during your trip, we can assist you by recommending establishments within 1 to 5 hours from our lodge.

From International Falls, MN

Once you reach International Falls, cross the border into Fort Frances, Ontario. Take Highway 11 East until you get to Highway 502 North, and take that route. When you meet Highway 594, take the East route. Go through Dryden, Ontario until you reach Highway 17 East. At Dinorwic Ontario, take a left turn onto Highway 72 North to Sioux Lookout. We are located on the right hand side of that highway approximately 9 miles before the town of Sioux Lookout. This trip is about 3½ hours in length.

Be prepared for an excellent fishing vacation and pack accordingly. Check out the local weather at: http://weather.gc.ca/city/pages/on-135_metric_e.html

ACT NOW for Priority Reservations!

A majority of our guests have taken advantage of our priority reservation system, reserving their preferred dates for the following season when they depart. We also find people taking advantage of our 1-800 number and our reservation request form on our Website to book their trip; to secure the dates they want, rather than risking the possibility of not getting their preferred dates.

For 40+ years, attendance at sport shows has been an integral part of our marketing. Many of our existing guests we initially met through shows. Over the years, many of our guests like to visit us at show time to make their reservations. At the time of print, we decided that we would not be attending any Sport Shows this winter (if there are any); for a few reasons including the fact that reservation availability is limited and the uncertainty of timing of the border being open and being able to travel into the U.S. We do look forward to attending shows in 2022 and providing our guests an alternative option to making reservations.

2021 is already shaping up to be a busy one – given that the Border was closed to non-essential travel this summer, a majority of guests reserved for the 2020 season carried their reservation and deposits to 2021. Reservation availability is somewhat limited therefore we encourage you to contact us as soon as you know which dates will work for your party, so you are not disappointed when you contact us.

Everyone knows, that regardless of the products they buy, part of the price paid for that time or service is the cost involved marketing that product. At Anderson's we have always prided ourselves in providing top-notch vacations while continually monitoring costs. Value for money has always been predominately on our minds and we continually endeavor to look for as many ways possible to keep the price of your fishing package to a minimum.

The success of Anderson's Lodge over the past years must also be attributed to the referrals made by existing customers.

We thank each and every one of our guests who have made referrals on our behalf, and recognize that this too helps keep the marketing budget at a palatable margin.

We have prided ourselves in being flexible and accommodating in all aspects of our operations and the same holds true with our marketing efforts. Our goal is to provide you with every opportunity to make reservations – whether it's attending a sport show, the fast and convenient use of the toll-free 1-800# or the increasingly popular email – it's for you to choose at your convenience 24 hours a day, 7 days a week, 365 days a year!

Let us help you plan the fishing vacation of a lifetime!

How Do I Book?

For further information, or to make reservations, call us on our toll free number at **1-800-465-1098** and we will be happy to assist you in planning for your next vacation. Our professional management team is here to take your call 7 days a week to answer any questions you may have regarding travel, fishing information and prices. As well, we will be able to offer suggestions and work with you to make sure that your party is set up with the package that is right for you – let us take the worries out of planning for the best fishing action you will ever experience!

Opening day is **Saturday, May 15th 2021** and we are open until late September for all fishing vacation packages. Call now to ensure the dates you want for the 2021 or 2022 season. When you call, please be sure to reserve the exact dates for the

exact number of people attending, as you will be charged for the full time and service reserved.

Our deposit requirement is **\$300.00** or **20%** of the package price per person – whichever is greater. Deposits can be paid by calling with a Visa, Master Card, Discover or by mailing a cheque. Deposits are due upon booking. We will mail or email a letter acknowledging your reservation, confirming receipt of your deposit and providing additional information with suggestions for planning your trip. Deposit refunds are available within **60** days of the time your deposit was paid or once the reservation dates have been re-booked. If there are travel restrictions due to Co-vid 19, deposits are refundable.

“ We came to fish and enjoy Ontario's beautiful and pristine lakes. The fishing was great, catching six species, drinking from the lakes, and finding trash an incredibly rare sight. An unspoiled area with remarkably few other people even on opening day weekend. Stunningly beautiful. Hundreds of miles of fishing grounds with lots of options for catching walleye, northern pike, perch, muskellunge, and smallmouth bass, and other species. ”

The lodge and rooms are very comfortable, the food excellent, and the service people friendly and helpful. Jody and Jackie seem to never sleep, working nonstop to answer questions and generally make sure you are having a great time. The other guests are also there to fish and enjoy life, making it a relaxing, fun environment overall.

Our guide, Brendan, was a fishing fanatic, an incredibly knowledgeable tournament fisherman. He got us on the fish, gave us lots of friendly tips, and cooked tremendous shore lunches. Great guy.

My only complaint: we had to leave!

A photograph showing the stern of a boat moving across a body of water at sunset. The sun is low on the horizon, creating a bright orange glow that reflects on the water's surface. The boat's wake is visible in the foreground, with white foam from the outboard motor. The background shows a dark, silhouetted shoreline with trees.
